We are aware that teens and adults with disabilities have an increased need to learn financial management skills. It is apparent how crucial financial skills are in today's workplace and in life. As individuals with disabilities are being provided with more opportunities and are encouraged to become more independent, it is imperative that they understand the concept of finances. This not only allows the opportunity to understand proper fund management, but also minimizes chances for others to take advantage. *This workshop is designed for ALL abilities and will be adapted to meet the needs of each individual's skill level.*

WOULD YOU LIKE TO TAKE ADVANTAGE OF THIS OPPORTUNITY? DO YOU KNOW SOMEONE WITH SPECIAL NEEDS THAT COULD BENEFIT FROM THIS WORKSHOP?
